

Cheryl Atiga, DDS Inc.

Soft-Touch Dentistry

25395 Hancock Ave. Suite 220

Murrieta, CA 92562

Limited Dental Warranty

Patients always ask us. "How long should this last?" In our office, we strive for perfection and satisfaction. This is why we are happy to provide you with this warranty something few offices offer. You can prevent most or all disease if you spend 4 minutes in the morning and 4 minutes in the evening brushing, flossing, and doing other special treatments your dentist and hygienist have recommended. Recommended maintenance by your dentist and hygienist to have your teeth professionally cleaned is also extremely important. **All warranties are null and void if we do not see you for your recommended maintenance appointments.**

• Composite Fillings

When a tooth has a cavity, the dentist removes the decay and fills the hole with a composite (tooth-colored) filling. The tooth is what supports the filling. For a period of 2 years from the date of service, we will replace the composite filling, due to breakage, misfits, or decay, at no cost to the patient.

Warranty is voided on the following:

-Anterior teeth (front teeth).

-When optimum treatment is a crown, but the patient chooses to do a filling as alternate treatment.

• Crown or Bridge

Due to breakage, misfit, or decay, for a period of 5 years from the date of service, we will replace or refund the cost of a crown or bridge at no cost to the patient.

Warranty is voided on the following:

-Patients who decline necessary orthodontic treatment to correct malocclusion.

• Veneer

Due to breakage, misfits, or decay, for a period of 5 years from the date of service, we will replace or refund the cost of a veneer, at no cost to the patient.

Warranty is voided on the following:

Patients who decline necessary orthodontic treatment to correct malocclusion.
